

## Industrial

The metal preservation properties of lanolin have been known and utilised for thousands of years. Lanotec forms a thin film of lanolin which completely seals the surface from the elements and all corrosive agents and is used as a penetrant, lubricant, corrosion inhibitor and release agent. This makes it ideal for use in construction, building, mining, agriculture and heavy industry. Uses:

- Anti-seize - Anti spatter
- Cutting & drilling compound - Nozzle dip
- Extend the life of chains - Belt drives
- Component preservation
- Stops binding of alloy and stainless steel

## Marine

Lanotec's ability to repel salt water and prevent corrosion is outstanding. From inboard and outboard motors to pleasure craft and commercial vessels, Lanotec products may be applied to all parts of the vessel from stem to stern. Also used on:

- Fittings, hinges, locks & zippers - Wire ropes
- Winches, pulleys, blocks - Nuts, bolts & shackles
- Rejuvenates leather, vinyl & plastics - Fishing rods & reels

## Citra Force

Lanotec's Citra Force is an incredibly powerful, concentrated, water miscible natural cleaner and degreaser.

Certified as food grade, Citra Force contains one of nature's most powerful solvents, d-limonene, which is derived from the peels of citrus fruits. Citra Force is bio-degradable and non-carcinogenic and leaves a fresh, natural, citrus aroma.

- Removes grease, tar, oils and wax
- Removes adhesives, sticker glues and silicone
- Cleans bathtubs, showers and sinks
- Removes oil and stains out of concrete
- Cleans electrical and electronic components
- (Citra Force is non-conductive to 30kv)
- Cleans and shines aluminium and stainless steel
- Decarbonising of electric motors and generators
- Cleans workshop floors
- Works as a quick break degreaser

## Electrical & Communications

Lanotec's lanolin products have been successfully tested as a non-conductive insulation coating to 70kv (tested to NATA specifications). Lanotec forms a long term barrier against the destructive effects of moisture, salt and acid corrosion and will inhibit crystallisation, corrosion and electrolysis. Ideal for:

- Circuit boards - Electric motors
- Switchgear - Power tools
- ECU's - Aerials

## Automotive & Transport

Lanotec's lanolin products ability to withstand the elements makes it an outstanding aid to reducing maintenance costs and keeping the wheels turning. From cars and 4WDs to forklifts, heavy transport and agricultural equipment, Lanotec can help with everything that moves. Uses:

- Battery terminals - Rust proofing
- Irrigation equipment - Rubber grease
- Lock assemblies - Heavy chains
- Light chain lube - Air systems

## Timber

The shearing floors and rubbing posts of Australia's oldest shearing sheds stand today as testament to the unequalled protection given by lanolin. Lanotec's Timber Seal is designed to penetrate, protect and preserve wood and to enhance the natural grain of timbers. It will also:

- Prevent drying, splitting and end grain swelling
- Extend timber life
- Protect metal fittings and fastenings
- Repel water and moisture
- Protect against wood rot

# EQUIVALENCE CHART

## Citra Force

Alliance Tech Polishing Oil  
Pacer Naturaeclean  
BIO Wash 10/100  
Scotch 700  
BP Quick Break Deg  
Septone Degreaser Citrus Cleaner  
CRC Contact Cleaner  
Septone Degreaser Degrease It  
CRC Lectra Clean  
Septone Blackjack Remover  
Carpet Stain Cleaner  
Septone Degreaser Grease Solve  
Excel Bathroom/Toilet Cleaner  
Septone Degreaser Oil Solve  
Johnson Diversey Big Bare  
Septone Spray & Wipe  
Johnson Diversey Break Up  
Septone General Purpose Cleaners  
Johnson Diversey Shield Citrus  
Septone Toilet Bowl Cleaner  
Lightning Solvit  
Shield N Shine  
Prepsol  
Simple Green All Purpose Cleaner  
Pacer New Ease  
Wurth Carby Clean

Most chemically based cleaner/degreasers can be replaced by Environmentally Friendly Citra Force.

Citra-Force is the most powerful non-toxic, biodegradable, quick break citrus based product on the market today. This amazing product can be diluted with water to allow its uses to stretch from cleaning the kitchen floor, removing stubborn adhesives and removing Blackjack from wire rope.

## Heavy Duty Liquid Lanolin

Caltex Kopr Kote  
Molybond Rope Chain
