# Lanotec™

Leaders in Lanolin Technology

## Lanotec General Purpose Liquid Lanolin

- Lubricant & corrosion inhibitor
- Non conductive to 70kV
- Electrical and electronic protection
- Internal protection of air conditioning units
- Rejuvenates leather, plastics, vinyls, aluminium & powder coated surfaces
- Lubricant for locks and hinges

## Lanotec Heavy Duty Liquid Lanolin

- Used in harsh corrosive environments
- Contains more lanolin than General Purpose
- Acid, alkaline, water and salt resistant
- Wire ropes, high speed and load bearing chains—non fling
- Outside storage protection
- Battery terminals, boxes and connectors
- Anti-seize for threaded rods, rollers and tumbuckles

## Citra-Force

- Non conductive to 30kV
- Removes lanolin, carbon, grease, blackjack, oil, tar, wax, tile adhesives, oils in concrete, paint overspray, chewing gum and uncured silicone.
- Cleans electrical and electronic components, aluminium, stainless steel, foam filters, machinery, motors, BBQ's ovens, showers, whiteboards, clothing and carpet stains.
- Quick break degreaser—parts washer
